Apporval of the Assembly of Landssamband hestamanna 2020

The Assembly of Landssamband hestamannafélaga 2020, held in november 28th 2020, approved to encourage Bændasamtök Íslands and FEIF to reconsider rules and procedure of registration of names of icelandic horses in WorldFengur database, to prevent unnecessary limits to naming of horses and to simplify registration of names that have not been registrated previously.
